Pursuant to Chapter 815 § 10 (L)(5), all electric and gas utilities must, by November 15 each year, mail an informational packet to each residential customer that was disconnected for non-payment between April 16 (the end of the previous winter period) and October 15, who was not subsequently reconnected by November 1, that includes:

- a. the address and telephone number of the utility;
- b. the overdue amount or other reason for the disconnection;
- c. the requirements for reconnection;
- d. the existence of the utility's LIAP (if it has one) and procedures for enrollment;
- e. the procedure for residential customers to declare a serious medical condition;
- f. the existence of the utility's oxygen pump assistance program (if it has one) and procedures for enrollment pursuant to Chapter 314;
- g. a copy of the customer's rights during the winter period, pursuant to section 10(M)(5)(b);
- h. the customer's right to bring any unresolved disputes to the CASD; and
- i. the CASD's toll-free consumer telephone number, as well as its mailing and email addresses.

The informational packet must be mailed to the last known mailing address of the customer.
